PLEASE BRING THIS CASE PAPER ON EVERY VISIT

1. I worked as a resident in Psychiatry from yr 2011-2014.
2. Basics in Psychiatry & Orientation of the Course was explained well in the initial months.
3. All faculty & Seniors were very approachable & helpful.
4. Teaching was a great mix of theory & Practical.
Eg- Use of various rating scales on patients along with proper history taking & MSE.
5. Regular case discussions, journal club meetings & seminar presentations were done under guidance of faculty.
6. Department examinations - Theory & Practical were conducted at the end of every semester & were based on the university pattern.
7. Use of EEG & ECT machines was taught very well.
8. The department has a well equipped library & Psychological testing facility.
9. Inpatient admissions were relatively few. Also we were not exposed to too many cases of Paediatric Psychiatry.
10. Management of epilepsy cases could be done in dept. of Psychiatry as it will be helpful in private practice.
11. The atmosphere in the dept. was very friendly & our respected HOD Sir was available throughout our tenure as an emotional support which was extremely necessary from time to time.
