Report of Organ Donation Programme

Background: The unique purpose of celebrating the organ donation day was to increase the awareness in medical students and general public. As far as India is concerned organ donation percentages are always less than the other countries. The main reason attributed for less organ donation in India is less awareness among People. There are many misconceptions regarding the organ donation so it was decided to provide appropriate information regarding organ donation activity. People don't know that after death or brain dead person can donate many organs if they have been consented before the death. The organ can be removed after taking permission from the close family members of the diseased. The organ is removed as per scientific protocol with due respect to the emotions of family members.

The Government of Maharashtra and Maharashtra University of Health Sciences Nashik has taken big initiative to celebrate organ donation day from 18th August to 5th September 2017. Dr. Vasant Rao Pawar Medical College, Hospital & Research Centre Nashik has participated in this programme and performed various activities.

Following are the various activities performed by MVP's Dr. Vasant Rao Pawar Medical College; Hospital & Research centre Nashik from 18th August to 5th September 2017.

1. Poster making competition:

An almost 30 undergraduate students have participated in this activity on 21st August 2017. They have given topic of organ donation to make poster of 3 by 3 sizes. Students have expressed their ideas and thoughts by making informative and scientific posters. Out of all posters, three best posters have been selected and they have been honoured with prize.

1st prize – Rohini Sarode, Jyoti Saraf, Rachana Behra, Vini Shah, Shantanu Shah- Rs.501

2nd prize – Sultan Azhar, Ulfat Pardesi - Rs. 301

3rd prize – Prerna Jain, Yash Shah, Angammal - Rs. 201

2. Scientific sessions on organ donation:

Dr. Vasantrao Pawar Medical College, Hospital & RC Nashik also took scientific sessions on organ donation for medical students on 24th August 2017.

A faculty from Dept of Community Medicine took session on organ donation of brain dead patient. He educated audience regarding what type of organs can be donated from a brain dead patient.

3. Human chain for organ donation by the medical, physiotherapy and nursing students:

About 300 undergraduate students of Dr. Vasantrao Pawar Medical College, Hospital & Research Centre Nashik have participated in the human chain for organ donation on 30th August 2017. This start point for human chain was from the Golf Club ground (In front of Civil Hospital Nashik) and end point at the Ashok Stambh Circle. The distance is about 2.0 KM. The students were enthusiastically participated in this human chain by making loud informative slogans and by handling placards in their hands during the whole formation.

4. Rangoli at City Centre Mall Nashik:

Undergraduate students have participated in Rangoli drawing based on theme of awareness of organ donation at City Centre Mall Nashik on 29th August 2017. About 10 students have participated in this activity.

5. Awareness among non-teaching staff and patients:

Almost 50 non-teaching staff and patients have been educated regarding the importance of organ donation on 28th August 2017. They have actively participated in this session as the session was taken in vernacular language and they expressed their thoughts and also asked

various doubts and misconception about organ donation. This activity has created lot of discussion among the audience and at the end many of the audience have agreed that they have to change their attitude regarding this issue.

6. NSS Volunteers Information Desk at Chandicha Ganpati At Ravivar Karanja:

NSS students from Dr.VPMCH & RC Nashik & College of Physiotherapy have attended information desk for creating awareness about organ donation during Ganesh festival. The students motivated nearly 100 people for filling organ donation pledge form during 24th August 2017 to 5th September 2017 at “Chandicha Ganpati”, Ravivar Karanja, Nashik. This initiative helped them to connect with community at large and gave them a good learning experience. Students were posted in rotation during whole duration of Ganesh festival from 10am to 10pm.

Dr. Vasantao Pawar Medical college Hospital & Research Centre Nashik have participated in the celebration of the world organ donation day from 18th August 2017 to 5th September 2017. Overall this programme was a great success and all activities have helped to create awareness in the society. One common thing we need is to make this issue a mass movement among people so that all the misconceptions, barriers can be removed from the society and more and more people will voluntarily involve in this programme. The NSS Unit & Department of Community medicine has taken major efforts to celebrate this programme.
