

**Mvp's Dr.Vasandrao Pawar Medical College Hospital & Research
Centre, Adgaon, Nashik.**

Department of Anaesthesia

• **Research Project activity of Department (Thesis):**

| Sr. No. | Year | Title of the thesis | Name of Student | Name of the guide | Status |
|---------|----------|--|-----------------------------|---------------------|-----------|
| 1. | 2014-15 | Comparison of success rate of classical supraclavicular approach of brachial plexus block with and without a nerve stimulator | Dr. Sayali Patil | Dr. Koshire A.R | Completed |
| 2. | 2014-15 | Comparative efficacy of intramuscular diclofenac and transdermal diclofenac patch for post operative analgesia among patients undergoing laproscopic cholecystectomy | Dr. Aditi Abnav e | Dr. Sankalecha S.C. | Completed |
| 3. | 2015-16 | Comparison of Intrathecal adjuvant low dose Clonidine with Fentanyl in Bupivacaine and high dose Clonidine in Bupivacaine in Gynaecological Surgeries under Subarachnoid Block | Dr. Milin Shah | Dr. Koshire A.R | Completed |
| 4. | 2015-16 | A prospective observational study to predict difficult intubation using simple non invasive tests | Dr. Jyotsna Mali | Dr. Sankalecha S.C. | Completed |
| 5. | 2016-17 | The Comparison of haemodynamic parameters and recovery profiles of Desflurane versus Sevoflurane in patients undergoing laparoscopic cholecystectomy | Dr. Sagar Lokhande S. | Dr. Koshire A.R | Completed |
| 6. | 2016-17 | Comparative Study of I-Gel and Endotracheal tube in Elective Laparoscopic Gynecological Surgeries under General Anesthesia | Dr. Sushant Dhawan | Dr. Sankalecha S.C. | Completed |
| 7. | 2017- 18 | Study of haemodynamic response to oral clonidine as pre medication in laparoscopic cholecystectomy at tertiary care centre. | Dr. Priyanka S. Kandikatala | Dr. Koshire A.R | Completed |

| | | | | | |
|-----|----------|---|-----------------------|------------------------------|-----------|
| 8. | 2017- 18 | Comparative study of Intrathecal Bupivacaine versus Bupivacaine with Fentanyl for elective caesarean section in a tertiary care centre | Dr. Neha K. Jaiswal | Dr. Sankalecha S.C. | Completed |
| 9. | 2018-19 | Comparison between propofol and etomidate in general anaesthesia as induction agents at a tertiary care centre | Dr. Godse Amal A. | Dr. Koshire Alka R | Ongoing |
| 10. | 2018-19 | Comparison of intubating conditions in patients induced with succinylcholine, atracurium and priming with atracurium at a tertiary care centre. | Dr. Parikh Ravisha Y. | Dr. Phulkar (Kale) Sarita J. | Ongoing |
| 11. | 2019-20 | Study of second generation supraglottic airway device (I-Gel) in patients posted for short duration elective surgeries in tertiary care centre | Dr. Yogita Bhargude | Dr. Koshire Alka R. | Ongoing |
| 12. | 2019-20 | A comparative study of predictive factor for difficult mask ventilation in adult overweight and obese population | Dr. Trushana Talware | Dr. Sankalecha S. C. | Ongoing |
| 13. | 2019-20 | A comparative study of post operative analgesia in cases undergoing general anaesthesia with and without erector spinae block in lumbar spine decompression surgery at tertiary care centre | Dr. Shashank Nilange | Dr. Phulkar (Kale) Sarita J. | Ongoing |
| 14. | 2019-20 | An observational study of hemodynamic response to oral pregabalin as premedication in laparoscopic cholecystectomy at tertiary care centre | Dr. Hafsa Shah | Dr. Phaltanakar J.K. | Ongoing |
