Brief about the Program (Activity/Event details)	Every year, thousands of pilgrims participated in Wari (walking on feet) from Trimbakeshwar to Pandharpur during month of June – July for 28 days. Team of around 9 interns, in rotation, is deputed to provide health care to pilgrims. The interns get to learn about potential health needs for people walking for long distance. They provide primary health care in the form of essential medicine to community. Total 8715 patients were served. It is actually field training for interns to learn about communication with general public
