## INVITATION

15 February 2022

Dear Colleagues,

We hope now Covid-19 is only of historical importance. The light at the end of tunnel seems to be glimmering. We hope to carry on and bounce back to realize our cherished dreams. The next event, "Ear and Sinus Surgery Workshop -2022" in Nashik will be held from 23<sup>rd</sup> to 28<sup>th</sup> March, 2022. Since we can take in only 120 delegates and the seats get filled up quickly, we have been advised to publish the dates in advance for the convenience of delegates who intend to attend.

The course is designed in such a way that the basic and advanced surgeries are addressed very well for the beginners and for the experienced surgeons. These surgeries for the ear and nose are a well mix of its medical-science and surgical-art.

We have hands-on wet temporal bone dissection for delegates under guidance of faculty with individual attention. The basic and advanced temporal bone dissection course will take the delegates from how to hold the dissection specimen, to sitting posture while dissection, to cortical mastoidectomy, to labyrinthectomy, to translabyrinthine approach for IAM, without leaving anything in between. The basic dissection is for two days, with each delegate having their own wet specimen. Similarly the endoscopic sinus dissection will cover from basic to advance like how to hold an endoscope to ethmoidectomy to frontal recess approach to skull base exposure, again without leaving anything in between. Each delegate will have their own wet specimen.

The 2 days of intense dissection will be followed by 2 days of live surgical demonstrations. As always the focus of the organizers will be pure in intension, approach and implementation. Academics and practical tips and tricks will alone prevail during these eventful days.

The registrations for the workshop will begin from 15<sup>th</sup> February 2022 onwards.

**Please note that in case, due to Government pandemic-regulations, ESSW-22 need to be postponed, new dates will be announced without any alteration in the program. For those delegates who find the new dates inconvenient, and they inform us within 20 days of declaration of new dates, their delegate fees will be returned, without any deductions.**

**Dr. Abuzar Indorewala**  
**Organizing Secretary.**
