PROGRAM REPORT

Title of Program	Recent Guidelines of Covid19 management
Objective of Program	1) To inform the recent guidelines of covid 19 management. 2) To clear any COVID19 treatment related doubts.
Participant Type (tick applicable)	Teaching staff / Students (UG, PG) / Non-teaching staff
Date and Duration of Program	Date -12.01.2022 From: 2:00pm To:3:00pm Number of Hours (duration): 1 hours
Venue of the program/event	MCI Auditorium Hall
Program Organized by (Department/Committee/Unit)	Department of Respiratory Medicine.
Program in-charge	Dr. Mayur Devraj, Professor, Dept. of Respiratory Medicine
Name of Faculty / Guest Speaker	Dr. Komal Shah, Assistant Professor, Dept. of Respiratory Medicine
Supporting staff member	Dr. Ravindra Shinde, Associate Professor, Dept. of Respiratory Medicine
Vote of thanks presented by	Dr. Geet Doshi, Jr. Resident, Dept. of Respiratory Medicine
Geo-tagged photos	Soft copy: Yes / No Hard Copy: Yes / No
Number of participants (attended program/event)	PG Student – 28
Brief about the Program (Activity/Event details)	In view of the recent COVID 19 management guidelines, a lecture was organized by the Department of Respiratory Medicine under the guidance of The Dean, Dr. Mrunal Patil for all the residents of Dr. VPMC, Nashik. The ever changing WHO, MoH and state guidelines coupled with widely circulating mis-information on social media made this lecture the need of the hour, in order to quell confusion and lack of information amongst all the residents working in the hospital. The lecture briefly covered all the past treatment guidelines initially and was followed by well articulated, tabulated, concise new official guidelines. In addition, the lecture addressed few common day-to-day case scenarios by framing treatment algorithms/protocols which the residents could refer in times of need. The lecture was followed by a short QnA session to clear any genuine doubts by the residents. The lecture was well received unanimously, and indeed helped to clear the air of confusion. With the vote of thanks, the lecture was concluded.

Brief about the Program (Activity/Event details)	<ul style="list-style-type: none">The activity of 'Swachta Abhiyan' was conducted at Mohadi and Janori villages by NSS students of Dr. Vasantrao Pawar Medical College, Hospital & Research Centre, Nashik.A team of 40 NSS students from Dr. VPMCH & RC Nashik used to gather at the temple of the Janori village and call all villagers over there for the awareness about the Swachta in houses and surrounding area. They also told them how the dry and wet waste to be segregated for the purpose of appropriate waste disposal. People were also sensitized that wet waste especially kitchen waste can be converted into manure and which can be used for kitchen garden. Posters were made for various

ASH

<p>Brief about the Program (Activity/Event details)...</p>	<p>issues of waste management. Social places like temples, bazars and chowks were used as the places for awareness.</p> <ul style="list-style-type: none"> • Another team of 10 NSS students performed street plays / Nukkad nataks regarding Swacchata awareness at various places in these villages of Nashik District. • Students went at almost each and every door in the Mohadi & Janori village. They interacted with the family members regarding their ideas about waste disposal, diseases spread by unhygienic environment and told them the various ways to prevent and control the same. Verbal one to one interaction at family level was done. Students used to go in a team of 2-3 students for discussion on the swacchata activity. • Two faculties from Dept of Community Medicine guided these NSS volunteers for the above mentioned activities. • Programme concluded by giving vote of thanks to those who were involved in the programme.

Brief about the Program (Activity/Event details)	<p>World Stroke Day programme organized by Dept. of Medicine, VPMCH on 29 October 2019. We had a erstwhile panel of neurologists with the Chief Guest being Dr. Nasli .R. Ichaporia, the current director of Stroke Unit at Sahyadri Hospitals Pune. The Theme for this year: Minutes can save Lives was used as a background to discuss formation n need of Stroke ICU, pitfalls in diagnosis, thrombolysis and Neuro interventions in Stroke care. He spoke about challenges to setup stroke unit in India and urgent need for the same. Dr. Anuj Nehete started the session with introduction to stroke day.</p> <p>Dr. Baviskar enlightened us about the after effects of Covid 19 and stroke. Dr. Diwan spoke about mixed bag in stroke by discussing different case scenarios. Dr. Nahush Patil presented a case report including intervention in neurology .Neuro Quiz for UG students was organized. Dr. Manohar Ketkar concluded the programme with vote of thanks.</p> <p>Programme was graced by MS Dr. Kalpana devane, Dr. Madhuri Kirloskar HOD medicine and professors from department of medicine and other departments too.</p>

Discussion on ABG (Arterial Blood Gases)

- Describe Normal value of pH , pCO_2 , PO_2 , HCO_3^- level on ABG.
- How will you withdraw sample of blood for ABG Analysis.
- What is meaning of Anion gap.
- What is compensated and De-compensated ABG.
- What is normal Anion gap.
- How will find respiratory acidosis on ABG findings.
- What are the causes for respiratory acidosis.
- How will you Diagnose Metabolic acidosis by ABG findings.

Discussion

- What is the lowest limit of AEC (Arterial to End-tidal CO₂ ratio) to give final fitness by Anaesthesiologist.
- ~~What~~ When would you advise to stop Anti-platelet drugs before performing regional Anaesthesia technique
- Which Blood investigations will you advise before giving final fitness for elective surgery
